

CCC MISSION AND VISION STATEMENTS

Current Mission Statement:

To serve as an advocate for safe, affordable, accessible, and developmentally appropriate child care for all families.

Vision:

To serve as a resource for families, children and early care professionals to create a better today and tomorrow.

Mission:

The Child Care Council of Kentucky is a visible community resource committed to offering access to affordable, quality care and education. We pledge to promote, expand, and enhance services that improve the quality of life for all children, families, and early care professionals in the Bluegrass.

Goals:

- To develop and maintain a child care information and referral service available to all families in the Bluegrass Area Development District.
- To expand the availability of child care.
- To provide child care assistance to low income families, teen parents, students, and child protection services.
- To promote quality child care.
- To serve as a regional coordinator for child care services.
- To provide a support system for child care providers through training and technical assistance.
